EDPR informs about PPA secured for 120 MWac solar project in US

Madrid, November 05th 2025: EDP Renováveis, S.A. ("EDPR") has secured a 30-year Power Purchase Agreement ("PPA") with a large Electric Utility in the state of Michigan for the clean energy generated by a 120 MWac (170 MWdc) solar project in Saginaw County, Michigan, US.

The project is expected to become operational in 2026, further strengthening EDPR's presence in North America by expanding its 3.4 GW of solar capacity currently in operation or under construction.

With this agreement, EDPR continues to reinforce its low-risk profile and growth strategy by developing competitive projects with long-term visibility, fostering the acceleration of the energy transition and the decarbonization of the economy.

This information is disclosed pursuant to the terms and for the purposes of the article 17 of Regulation (EU) No. 596/2014 of the European Parliament and of the Council.
