### **EDPR secures 250 MW solar project in US**

**Madrid, March 23<sup>rd</sup> 2026:** EDP Renováveis, S.A. ("EDPR") has secured a long-term offtake agreement with a global technology company for the clean energy generated by a 250 MWac (348 MWdc) solar project in Arkansas, US.

The project strengthens EDPR's strategic position in North America as a leading renewable energy developer. It highlights the robustness of EDPR's pipeline and its ability to build long-term partnerships with major technology companies, supplying clean, reliable energy to data centers across the US.

This agreement further reinforces EDPR's low-risk growth strategy, centered on developing projects with long-term revenue visibility and delivering competitive, dependable, and sustainable power generation solutions.

This information is disclosed pursuant to the terms and for the purposes of the article 17 of Regulation (EU) No. 596/2014 of the European Parliament and of the Council.
